### DEFINITIONS

Provider: a named person or entity that furnishes, or arranges for furnishing health related services for which it claims payment under the Medicaid Program

Disclosing entity: a Medicaid provider (other than an individual practitioner or group of practitioners), or a fiscal agent.

Indirect ownership: an ownership interest in an entity that has direct or indirect ownership interest in the disclosing entity. The amount of indirect ownership interest in the disclosing entity that is held by any other entity is determined by multiplying the percentage of ownership interest at each level. (Example: If A owns 10% of the stock in a corporation which owns 80% of the stock of the disclosing entity, A's interest equates to an 8% indirect ownership interest in the disclosing entity and must be reported. Conversely, if B owns 80% of the stock of a corporation which owns 5% of the stock of the disclosing entity, B's interest equates to a 4% indirect ownership interest in the disclosing entity and need not be reported).

Ownership or control interest: a person or corporation that: (1) has an ownership interest totaling 5 percent or more in a disclosing entity; (2) has an indirect ownership interest equal to 5 percent or more in a disclosing entity; (3) has a combination of direct and indirect ownership interest equal to 5 percent or more in a disclosing entity; (4) owns an interest of 5 percent or more in any mortgage, deed of trust, note, or other obligation secured by the disclosing entity if that interest equals at least 5 percent of the value of the property or assets of the disclosing entity; (5) is an officer or director of a disclosing entity that is organized as a corporation; or (6) is a partner in a disclosing entity that is organized as a partnership.

Ownership Interest: equity in the capital, stock, or profits of the disclosing entity. To determine the percentage of ownership, mortgage, deed of trust, note, or other obligation, the percentage of interest owned in the obligation is multiplied by the percentage of the disclosing entity's assets used to secure the obligation. (Example: If A owns 10% of a note secured by 60% of

the provider's assets, A's interest in the provider's assets equates to 6% and must be reported. If B owns 40% of a note secured by 10% of the provider's assets, B's interest in the provider's assets equates to 4% and need not be reported).

Managing employee: a general manager, business manager, administrator, director, or other individuals who exercise operational or managerial control over, or who directly or indirectly conducts the day-to-day operations of an institution, organization, or agency

Additionally, if the accrediting agency prohibits subcontracting, sub-leasing or lending its accreditation to another organization, Arkansas Medicaid will follow the restrictions set forth by the accrediting agency.

Supplier: an individual, agency, or organization from which a provider purchases goods or services used in carrying out its responsibilities under Medicaid (e.g., a commercial laundry, a manufacturer of hospital beds, or a pharmaceutical firm).
