Arkansas Works Section 1115
Demonstration Waiver

QUARTERLY REPORT
April 1, 2018 – June 30, 2018
Executive Summary

In 2016, the Arkansas Department of Human Services (DHS) ended the Private Option and created Arkansas Works (ARWorks) as an amendment to the demonstration program. In January 2017, DHS referred all individuals enrolled in ARWorks to the Arkansas Department of Workforce Services (DWS). The referral allowed enrollees to voluntarily seek assistance with job training and job placement. However, from January to October 2017, only 4.7 percent of beneficiaries acted upon the referral and used the services offered by DWS. Of that number, 23 percent became employed through this process. In July 2017, DHS submitted an amendment to the waiver requiring certain able-bodied adults without dependents (ABAWD) to participate in work and community engagement (WCE) requirements. Following CMS approval in March 5, 2018, DHS began the reporting requirement beginning June 1, 2018.

In 2018, with the implementation of the ARWorks WCE requirements, Arkansas will be able to test whether a “stronger incentive model is more effective in encouraging participation.” The approved ARWorks amendment requires abled-bodied individuals to engage in work and community engagement activities, which include education and training. Such requirements promote the objectives of Title XIX. The waiver amendment establishes a WCE requirement for non-disabled, childless adults who are between 19 and 49 years old and whose incomes are below 100 percent of the Federal Poverty Line (FPL). In 2018, the work and community engagement requirement will apply to those people ages 30-49. In 2019, the WCE requirement will apply to individuals ages 19-29. In describing the WCE requirement, Governor Hutchinson said “It’s about giving people the opportunity to work. It’s to give them training that they need. It’s to help them move out of poverty and up the economic ladder.”

Enrollment in ARWorks was 291,816 in April; 287,109 in May; and 284,031 in June. The program continues to operate below the budget neutrality cap, which is $597.32 for each enrollee covered by ARWorks in 2018.
Arkansas Works Quarterly Report
April 1, 2018 – June 30, 2018

❖ Eligibility and Enrollment

ARKANSAS WORKS ENROLLMENT AND PREMIUM INFORMATION

At the end of this quarter, 284,031 individuals were enrolled in ARWorks in June 2018. Of these individuals:

- Eighty-three percent received ARWorks coverage through qualified health plans (QHPs) purchased from plans offered through the Healthcare Insurance Marketplace.
- Seven percent were designated as medically frail and received Medicaid services on a fee-for-service basis.
- Ten percent had an interim status, which include pending a QHP or Alternative Benefit Plan designation.

The table below shows the total enrollment numbers and premium information by month for Arkansas Works beneficiaries this quarter:

<table>
<thead>
<tr>
<th>Month</th>

❖ Utilization and Budget Neutrality

UTILIZATION

During this quarter, the total payment for ARWorks beneficiaries with a paid premium was $405,425,253.12. Of this amount:

- $332,294,401.43 was paid to the issuers for premiums.
- $70,356,298.63 was paid for advanced cost-sharing reductions.
$2,774,553.06 was the total amount for wrap costs, including Non-Emergency Medical Transportation and Early and Periodic Screening, Diagnostic and Treatment (EPSDT).

BUDGET NEUTRALITY WORKBOOK

During this quarter, the payments for each individual who received ARWorks coverage through qualified health plans (QHPs) remained below the budget neutrality cap. The table below shows the breakdown of payments for each individual with a paid premium and compares the total cost to the budget neutrality cap:

<table>
<thead>
<tr>
<th>Month</th>
<th>Premium Costs Per Individual with a Paid Premium</th>

Operational Updates

PRESS REPORTS

On April 1 and April 2, 2018, DHS announced that the ARWorks portal had launched and enrollees between the ages of 30-49 would receive a letter notifying beneficiaries about the new WCE requirement. DHS encouraged beneficiaries to create an online account, link it to their healthcare coverage, and begin reporting exemptions prior to the June 1 start date. An instructional video on how to link their online accounts was also produced and published. The Arkansas Times and Fox 16 covered the portal launch (2). Fox 16 also covered the letter announcement. (3)

Mid-April, DHS released its monthly expenditure and enrollment report, showing declines in ARWorks enrollment, which DHS largely attributed to improved integrity measures and an improving state economy, reported by The Arkansas Times (4) and The Arkansas Democrat-Gazette. (5)

On May 7, DHS issued a media advisory to remind the public and ARWorks beneficiaries letters were sent to ARWorks enrollees whose WCE requirements were starting in June. The advisory explained the letters would provide the beneficiary’s status (required to report activities or exempt from reporting) and gave them instructions on how to go online to report activities or exemptions.(6)
Throughout the month of May, DHS answered a number of questions regarding the AR Works WCE requirement from the media and the public. An assortment of coverage from state and national media continued throughout the month of May, including reporting on the registered reporter process created to help assist ARWorks beneficiaries report WCE activities. (7-9)

DHS released the monthly AR Works/Medicaid Enrollment and Expenditure report on May 22, 2018, which received media coverage from The Arkansas Times. (10)

On June 1, the Arkansas Democrat-Gazette highlighted the WCE requirement had begun for the first group of ARWorks beneficiaries who would be required to report activities or exemptions by July 5 for the June reporting period. (11)

On June 15, DHS released the monthly AR Works/Medicaid monthly enrollment report, which showed another decrease in ARWorks enrollment, which again resulted in media coverage from The Arkansas Times. (12)

Throughout the month of June, DHS conducted training sessions, informational meetings, and other outreach with community groups, associations and stakeholders regarding the ARWorks WCE requirement and how those groups could help beneficiaries succeed. The NPR affiliate, KUAR, covered those efforts on June 20. (13)

Throughout the quarter, the WCE requirement in Arkansas gained not only media attention from within the state, but national and international media outlets also produced a variety of reports. A sample of the coverage is included.(14)

OUTREACH EFFORTS

Beginning May 1, 2018, the Arkansas Foundation for Medical Care (AFMC) placed phone calls to ARWorks beneficiaries on behalf of DHS whose WCE requirements were beginning and were believed to be required to report WCE activities. The target audience were those beneficiaries whose WCE requirement would be starting the following month. AFMC’s primary goals were to (1) ensure the beneficiary was aware of his or her status, (2) assist the beneficiary with questions, and (3) educate the beneficiary on the reporting process. Those efforts are summarized below:

<table>
<thead>
<tr>
<th>Month</th>
<th>Beneficiaries in Target Audience</th>
<th>Number of Calls Placed</th>
<th>Beneficiaries Successfully Educated</th>
<th>Referrals to WCE activity resources</th>
</tr>
</thead>
<tbody>
<tr>
<td>May</td>
<td>11,547</td>
<td>39,328</td>
<td>2,511</td>
<td>247</td>
</tr>
<tr>
<td>June</td>
<td>8,905</td>
<td>47,367</td>
<td>2,023</td>
<td>221</td>
</tr>
</tbody>
</table>
DHS staff also conducted outreach efforts that included providing informational flyers and materials, presentations, webinars, and trainings with community organizations, advocacy groups, higher education institutions, professional and medical associations, librarians, and other state governmental agencies among others. Specific outreach was conducted with the following groups, among others, from April 1 – June 30, 2018:

- Substance Abuse providers
- The Arkansas Pharmacy Association
- The Arkansas Hospital Association
- The Arkansas Medical Society
- Arkansas Board of Pharmacy
- Federally Qualified Health Centers Association
- Crisis Stabilization Units
- CHI-St. Vincent Hospital
- Central Arkansas Veterans Hospital System
- Community Mental Health Centers
- National Guard Family Assistance Coordinators
- Arkansas Department of Community Correction
- Arkansas Department of Finance and Administration
- Arkansas Department of Higher Education
- Arkansas Department of Health
- Community College Association
- Hunger Relief Alliance
- Rural Community Alliance
- Interfaith Alliance
- Arkansas Literacy Councils
- Community Action Agencies
- Our House Homeless Shelter
- Central Arkansas Homeless Coalition
- Central Arkansas Library System
- Goodwill Industries of Arkansas

**PUBLIC FORUMS**

On June 26, 2018, the Arkansas Department of Human Services held a Post Award Forum on the AR Works 1115 Demonstration at the Hillary Clinton Children’s Library in Little Rock AR. Attached is the transcript for the forum.

**LAWSUITS**

No lawsuits were filed during this quarter.
**Key Milestones Accomplished**

**April 1, 2018** – New ARWorks beneficiaries ages 30 – 49 approved effective April 1, 2018, or later to become subject to the WCE requirement and have their begin dates for completing and reporting work activities set for the second month after approval.

**April 1 – 8, 2018** – The WCE requirement begin months were set for beneficiaries 30 – 49 years of age and notices mailed to each individual with specific details about the WCE requirement, services available through Arkansas DWS, and instructions on how to access and log in to the online portal.

**April 13, 2018** – The first data file of ARWorks beneficiaries containing specific information regarding WCE details provided to Arkansas DWS, the Medicaid Beneficiary Relations provider, and QHP carriers. Outreach and education began, with updated files provided weekly thereafter.

**April 20, 2018** – ARWorks button and banner added to the DHS website homepage (15), which link to materials, flyers, sample notices, informational guides and instruction videos. The site also includes a resource dashboard to point ARWorks beneficiaries to free Internet access points, free job services, and education opportunities in their areas. Also includes information for those interested in becoming a registered reporter to help beneficiaries report WCE activities.

**May 8, 2018** – Arkansas Works beneficiaries ages 30–49 who were scheduled to begin the WCE requirement in June 2018 were mailed individually tailored notices. The notice contained information regarding any exemption and the type of exemption that has been identified through data in state systems for that beneficiary. Those who were exempt were instructed no additional action is necessary unless their circumstances change, and they will be notified when they are expected to take further action. Those without an identified exemption received a notice instructing them they are required to begin completing and reporting WCE activities during the month of June 2018. The notice contained full details about the WCE requirement, how and where to report a previously unidentified exemption and/or completion of activities. The notice informed them of the consequences for non-compliance.

**May 16, 2018** - GIS Analysis was completed to map out how far “at risk” ARWorks beneficiaries lived from the closest public access Internet site as recorded on the DHS resource dashboard. Over 92 percent of ARWorks beneficiaries with an expected work requirement were within 10 miles of a public access site. A letter and email were sent to those beneficiaries who were lived than 20 miles (about 269 clients) from a public access site informing them of the Registered Reporter process. The link to the resource dashboard provided can be found here:  
https://ardhs.sharepointsite.net/ARWorks/resource_dashboard/index.html
June 1, 2018 – Implementation of WCE requirement reporting began for individuals ages 30–49.

June 8, 2018 - ARWorks beneficiaries ages 30–49 who were scheduled to begin the WCE requirement in July 2018 were mailed individually tailored notices.

June 26, 2018 – The Post Award Forum was held at 10:00 AM at the Hillary Rodham Clinton Children’s Library and Learning Center, 4800 W. 10th Street, Little Rock, AR 72204.

June 29, 2018 – DHS had received 73 authorization forms for registered reporters to assist ARWorks beneficiaries with limited in reporting WCE activities. Reporters include individuals from insurance carriers, community groups, and private organizations.

❖ Evaluation Progress and Activities

The Arkansas Center for Health Improvement (ACHI) was contracted to complete the ARWorks evaluation. The initial ARWorks evaluation will assess the demonstration goals of improving access, improving care and outcomes, reducing churn, and lowering costs by measuring whether:

- Beneficiaries will have equal or better access to health care compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Beneficiaries will have equal or better care and outcomes compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Beneficiaries will have better continuity of care compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Services provided to beneficiaries will prove to be cost effective.
- The employer-sponsored insurance program will produce greater system efficiencies and individual outcomes than QHP premium assistance program.
- Beneficiaries will effectively participate in an incentive benefits program.

Evaluation Activities

- Conducted two (2) Full Evaluation Team Meetings
- Conducted four (4) internal meetings with members of the Evaluation’s Data Team to discuss the progress of data and indicators for the final report
- Conducted eight (8) internal ACHI Planning Meetings to plan the final report
- Conducted five (5) internal meetings with the ACHI data team to discuss the receiving and processing of data
- Conducted one (1) meeting with DHS to review the Health Care Independence Program ‘Private Option’ final report
• Conducted seven (7) internal meetings with members of the qualitative studies team to discuss the simulated patient ‘secret shopper’ survey and the one-on-one individual interviews for the Arkansas Works interim report
• Completed the final analyses of data and construction of indicators for the Health Care Independence Program ‘Private Option’ final report
• Completed and submitted the final report to Arkansas Medicaid
• At the request of Arkansas Medicaid, submitted final report to CMS
• Began scheduling participants and conducting one-on-one interviewing Completed primary data collection for the simulated patient ‘secret shopper’ survey
• Began data cleaning and preliminary analysis for the simulated patient ‘secret shopper’ survey

**Evaluation Vendor Procurement**

DHS seeks pricing and a contract with a qualified vendor to provide all of the tasks associated with evaluating the Arkansas Works (ARWorks) program. The vendor will conduct qualitative and quantitative analysis comparing the ARWorks population with the traditional Medicaid population to examine access to services and other metrics. This evaluation is required by Center for Medicare and Medicaid Services as part of the Terms and Conditions of the ARWorks §1115 Demonstration Waiver. The selected vendor under this procurement must also be able to provide a transition from the current vendor while executing contracted services.

**Community Engagement Eligibility and Enrollment Monitoring**

The State of Arkansas submitted its community engagement eligibility and enrollment monitoring plan as required by special term and condition (STC) 54 of the state’s section 1115 demonstration, Arkansas Works (Project No. 11-W-00287/6).

The monitoring plan has been incorporated in the STCs as “Attachment A.” As outlined in STC 54, the state will provide status updates on the implementation of the eligibility and enrollment monitoring plan as part of the state’s quarterly and annual monitoring reports. Attached below is the monitoring report for the 2nd quarter.
**Work and Community Engagement Snapshot**

Below is a snapshot of the program after June, which was the first month of work and community engagement requirement reporting.

Just over 27,000 Arkansas Works enrollees were notified in May they were subject to the new work requirement in June. Most are already meeting the requirement through work, school, or other life situations that made them exempt from reporting. Numbers below are a point-in-time snapshot of the requirement and some fluctuate daily.

27,140* Notified in May they were subject to work requirement

279,602 Total Arkansas Works population as of May 1, the week notices went out

Between the notices going out and June 30, 1,325 fewer people became subject to the requirement due to case closures unrelated to compliance or a change in circumstances. That left 25,815 subject to requirement in June.

445 Satisfied reporting requirement

2,395 Reported an exemption since receiving notice

7,464 Did not satisfy reporting requirement

15,511 Meeting requirement due to work, training, or other activity. Notice explained these enrollees are exempt from reporting their activities.

<table>
<thead>
<tr>
<th>One month non-compliance</th>
<th>Two months non-compliance</th>
<th>Three months non-compliance</th>
</tr>
</thead>
<tbody>
<tr>
<td>7,041**</td>
<td>0</td>
<td>0</td>
</tr>
</tbody>
</table>

*Enrollees ages 30-49 are being phased into the requirement from June through September 2018. Those 19-29 will roll in starting January 2019.

**       due to closures unrelated to compliance & as of July 8, 2018
Quality Assurance

The initial ARWorks evaluation will assess the quality of care provided to ARWorks beneficiaries by analyzing whether enrollees have equal or better care and outcomes over time, compared with what they would have had otherwise in the Medicaid fee-for-service system. Health care and outcomes will be evaluated using the following measures:

- Use of preventive and health care services.
- Experience with the care provided.
- Use of emergency room services (including emergent and non-emergent use).
- Potentially preventable emergency department and hospital admissions.

The initial ARWorks evaluation will also explore whether ARWorks beneficiaries have better continuity of care compared with what they would have otherwise had in the Medicaid fee-for-service system over time. Continuity will be evaluated using the following measures:

- Gaps in insurance coverage.
- Maintenance of continuous access to the same health plans.
- Maintenance of continuous access to the same providers.

---0---
MS. MARY FRANKLIN: Good morning. My name is Mary Franklin, and I am the Director of County Operations for the Arkansas Department of Human Services. And today we are here to hold the Arkansas Works Post Award Forum. And we will take your comments about the Arkansas Works Approved Waiver.

I have a brief presentation just to summarize changes that were approved in the Waiver, and then at the conclusion of the presentation, I will be glad to take your comments. We do ask that you -- if you have a comment, that you identify yourself by name, make sure our court reporter can see you and hear you before you begin making your comments.

There were three new elements approved -- three elements approved in our Arkansas
Works Waiver Amendment. The Waiver Amendment allows us to establish a work requirement as a condition of eligibility for Arkansas Works, it allows us to eliminate the Employer-Sponsored Insurance Premium Assistance Program, and eliminated conditions associated with the Waiver of Retroactive Eligibility.

More information on the work requirement that has been approved. Everyone in Arkansas Works will receive a work referral to the Department of Work Force Services. And the state has been approved to implement a working community engagement requirement for 19 to 49-year-olds as a condition of their eligibility in the Arkansas Works Program.

Current Arkansas law requires us to provide a referral to all Arkansas Works enrollees that are 50 percent or below the federal poverty level. But we exceed that requirement by completing a referral for everyone who is in the Arkansas Works Program. The referral does not require followup action. It is a voluntary
follow-through process. But now there are work and community engagement requirements that apply to enrollees ages 19 to 49 who must work, volunteer, or engage in specific job training or job-search activities for at least 80 hours a month to retain Arkansas Works coverage. Enrollees who are 50 or older are not subject to these work and community engagement requirements. And those who are determined to be exempt from the requirements would not be at risk for losing coverage. And those who do not meet an exemption would lose Arkansas Works coverage after three months of noncompliance with the Arkansas Works community engagement requirement.

During 2018, we are implementing the work and community engagement requirement with 30 to 49-year-olds, and then next year we will implement the 19 to 29-year-olds, as well.

There are several exemptions to the work and community engagement requirement. That includes income consistent with being employed or self-employed for 80 hours or
more per month at Arkansas minimum wage. Attending high school, an institution of higher education, vocational training, job training on a full-time basis would also be an exemption. Receiving an exemption in the SNAP program would allow for an exemption in the Arkansas Works Program. Also those who receive TEA cash assistance, that’s Transitional Employment Assistance, are exempt from the working community engagement requirement in Arkansas Works. Those who are incapacitated in the short term or medically certified as unfit for work physically or mentally unfit for employment, and those who are caring for an incapacitated person or a dependent child, those who live in the home with a minor dependent child aged 17 or younger, and those who are receiving unemployment benefits, and those who are currently participating in drug and alcohol treatment or those who may be pregnant. Those are exemptions from the Arkansas Works work and community engagement requirement.

The allowed work activities, the
requirement does require at least 80 hours in an allowed work activity if the Arkansas Works individual is not exempt. So, the allowed activities include employment or self-employment, educational programs, high school, higher ed, GED, on-the-job training, vocational training, volunteering, job search, job search training, and participation in a class on health insurance for up to 20 hours a year can count toward meeting the 80-hour-a-month work requirement.

There are penalties for failing to meet the work requirement. Anyone who is not exempt, who is required to complete the work activities that does not comply will lose coverage after three months of noncompliance, whether that is consecutive or nonconsecutive noncompliance, and they will not be eligible for coverage in the Arkansas Works Program until the beginning of the next calendar year.

The Waiver also allowed us to end the Employer-Sponsored Insurance Premium Assistance Program, and anyone who was in
that program at its end was transitioned to
a qualified health plan in the Arkansas
Works Program.

The conditions of retroactive
eligibility were also modified in this
approved Waiver. In the Arkansas Works
group, individuals may request retroactive
coverage for 30 days prior to the date of
application.

In the approved Waiver, there were no
changes to the demonstration financing or
budget neutrality. And this is the budget
neutrality through 2021, per member per
month. There were several Waiver
authorities that we requested to have
modified in this approved Waiver. And I
will not read the list, but this power point
will be available on our website.

And, of course, if anyone has comments
we would like to take those at this time.

(WHEREUPON, there was a pause in the
proceedings.)

MS. MARY FRANKLIN: Hearing no comments
at this time, we will be here for the next
several minutes in case someone decides to
make a comment.

(WHEREUPON, there was a pause in the proceedings.)

MS. MARY FRANKLIN: Yes, ma'am. Would you give us your name, please?

MS. VENIECE BURTON: I'm Veniece Burton, I'm with Absolute Care, it's a personal care organization. And my question was more of, you know, the waivers that you have. You didn't talk about the waivers, how this would impact, you know, the waivers. Will you be doing the Arkansas independent assessment on these clients, or on these possible beneficiaries?

MS. MARY FRANKLIN: It sounds to me like you are asking questions about does this Arkansas Works Waiver Amendment have any impact on our other home and community-based waiver services?

MS. VENIECE BURTON: Yes.

MS. MARY FRANKLIN: And, no, it does not. This waiver amendment only affects the new adult group, which is the Arkansas Works group --

MS. VENIECE BURTON: Okay.
MS. MARY FRANKLIN: -- which covers 19
to 64-year-olds.

MS. VENIECE BURTON: Okay.

MS. MARY FRANKLIN: There are
citizenship requirements, income
requirements, and age requirements, being 19
to 64, but there are no other additional
requirements.

MS. VENIECE BURTON: That's what I
wanted to know.

MS. MARY FRANKLIN: So, no impact on
the home and community-based waivers.

MS. BRANDY DAILEY: Just a question on
clarification. My name is Brandy Dailey
with Community Health Centers of Arkansas.
So, since this just rolled out this month,
we are still in the first wave of people
having to log and get accustomed to it.
Will the penalties start if, say, someone
doesn't submit their requirements this
month, that would count as the first of the
three months towards them being
disqualified; correct?

MS. MARY FRANKLIN: That is correct.

For those who -- those who started with the
work requirement in June, those who had to
begin reporting and completing activity in
June, if they do not log their activities by
July the 5th, then they will have accrued
one month of noncompliance.

MS. BRANDY DAILEY: And is there
anything that DHS is doing to assist those
people kind of -- are there portals in DHS
county offices so people can come in who
don’t have access to Internet to log those
hours, are there partnerships with libraries
to kind of have extended hours or anything
like that that DHS is doing?

MS. MARY FRANKLIN: Sure, I can answer
that question. Yes, there are many things
that Department of Human Services is doing
to assist individuals. We do have kiosks
available in all of our lobbies, we have
also identified other resources, such as the
public libraries, where people can use
computers, Work Force Centers, Career Ed
Centers where the individuals are working
with Career Ed on GED or other services
offered by Career Ed. So, yes, we have
identified many places where people can come
to access computers. We have also
implemented a registered reporter process,
which allows individuals to serve -- to
report on the behalf of someone once they
have taken on-line training that we have and
register with us as a reporter, then they
are able to assist individuals that
authorize them to report activities for
them. We have also done Webinars and
outreach to many different provider groups
and agencies, hospital associations, we are
using social media, we have sent several
notices to this group. We also send e-mails
to this group when they have provided us an
e-mail address. We have also built a public
Sharepoint site where we have placed lots of
different training materials and videos,
sample copies of notices.

We also have engaged our beneficiary
relations provider, who is doing active
education and outreach with each group
before it's time for them to implement. Our
qualified health plan carriers are doing
similar outreach. Our Department of Work
Force Services partner is also doing
outreach to this group. So, we have taken
many steps to make sure that individuals
know what they need to do and know what help
is out there and resources available to help
them do what they need to do.

MS. BRANDY DAILEY: Thank you.

(WHEREUPON, there was a pause in the
proceedings.)

MS. MARY FRANKLIN: Hearing no
additional comments, we will close the Forum
at this time.

(WHEREUPON, at 10:30 a.m., the taking
of the above-entitled proceeding was
concluded.)

**Work requirement for Arkansas Works starts in 2018**
You may have heard on the news that Arkansas Works is adding a work requirement. DHS is sending this information before the work requirement starts to help you get ready.

- Starting **June 1, 2018** some people who get Arkansas Works will have to do 80 hours of work activities each month to keep their insurance. Those people will have to report work activities to DHS.
- Not everyone has to start doing work activities in **June**. DHS will send you a notice when it’s time for you to start.

**Get ready for the work requirement**

1. Read the flyer sent with this notice to learn more about the work requirement.
2. Log in to Access Arkansas and update your information.
   - You can use Access Arkansas between 7:00 am and 9:00 pm every day on any computer connected to the Internet!
   - You can see your information and decisions for your Arkansas Works case!

**Log in to Access Arkansas**

To use Access Arkansas:

1. Go to [www.access.arkansas.gov](http://www.access.arkansas.gov).
2. Answer the voter registration question with ‘Yes’ or ‘No.’
3. Click ‘Arkansas Works Log-In.’
5. Log in to your online account.
6. If this is the first time to log in, you must create an account. Be sure to save your account user name and password. You will need them each time you log in.
7. Click ‘Link Account’ and enter:

a) First Name: XXXXX
b) Last Name: XXXXX
c) Reference Number: XXXXXX

If you need help with Access Arkansas, call 1-855-372-1084.

Update your information on Access Arkansas

After you log in, click the Arkansas Works button. Follow the screens to confirm and update your information. Be sure you:

1. **Give DHS an email address.** DHS will be emailing notices to people who get Arkansas Works insurance so it’s very important we have the right one for you! You must have an email address to report work requirement information. If you do not report work requirement information, you will lose your Arkansas Works health insurance.

2. **Tell DHS information about yourself.** DHS will then decide if you are exempt from the work requirement. (See the flyer for more information about exemptions.)

**IMPORTANT INFORMATION FOR ALL ARKANSAS WORKS HOUSEHOLDS**

☑ Read the flyer sent with this notice to learn more about the work requirement.
☑ Log in to Access Arkansas and update your information.
☑ Check your mail often for letters from DHS. Read your mail as soon as you receive it.
☑ If you receive a notice and do not understand what to do, call the number on the notice for help.

If you have any questions about this notice visit Access Arkansas (www.access.arkansas.gov) and click the Arkansas Works button or call 1-855-372-1084.

**You Can Get Free Job Search Help**

Because you get Arkansas Works, you can get free job search help from the Arkansas Department of Workforce Services (DWS). DWS has Arkansas Workforce Centers across the state that can tell you about job openings, how to look for a job, training programs, and more. Please see the flyer included with this notice for more information.

The Arkansas Works Program is not a perpetual federal or state right or a guaranteed entitlement. The Arkansas Works Program is subject to cancellation upon appropriate notice. The Arkansas Works Program is not an entitlement program.

### Healthcare Notice Details

**XXXXXXXX**  
**Person Reference Number: XXXXXX**

**You Are Subject To The Work Requirement**
You are receiving this notice because the work requirement for Arkansas Works applies to you. You must start your work activities in June.

**What You Need To Do**

**Do Required Work Activities**
Call 1-855-372-1084 in the next 3 business days to learn more about what you need to do to keep your Arkansas Works health insurance.

To keep your Arkansas Works insurance, you must:
- Do at least 80 hours of work activities each month.
- Report your work activities on time to DHS. (The deadline is the 5th day of the next month.)

Unless DHS sends you a notice that you do not have to report work activities, you must:
- Start your work activities in June.
- Use Access Arkansas (www.access.arkansas.gov) to report your work activities to DHS.
- Keep doing this every month.
What happens if I do not report work activities?
If you do not report at least 80 hours of work activities by the deadline each month:
- You did not meet the work requirement. That makes you “non-compliant” for the month.
- When you are non-compliant for 3 months, you no longer can get Arkansas Works insurance.
- At the end of your third month of non-compliance, your Arkansas Works insurance will end. You will not be able to get Arkansas Works insurance for the rest of the year (through December).

See the flyer included with this notice for more information about the work requirement for Arkansas Works and how to report your work activities.

Additional Information
This decision is based on Arkansas Medical Services Policy Sections B-270, F-200, F-201, and G-190.

You Can Get Free Job Search Help
Because you get Arkansas Works, you can get free job search help from the Arkansas Department of Workforce Services (DWS). DWS has Arkansas Workforce Centers across the state that can tell you about job openings, how to look for a job, training programs, and more. Please see the flyer included with this notice for more information.

You can find information about resources in your community on www.humanservices.arkansas.gov. Click: “Arkansas Works Information”

The Arkansas Works Program is not a perpetual federal or state right or a guaranteed entitlement. The Arkansas Works Program is subject to cancellation upon appropriate notice. The Arkansas Works Program is not an entitlement program.
Your Right to a Hearing

If you disagree with a decision or planned action by DHS on your case, you may have a hearing. You must ask for a hearing by the **deadline for appeal** date on the front of this form.

If you ask for a hearing within 10 days from the **date of notice** on the front page, you may be allowed to keep getting assistance at your current level OR have your assistance started again at your previous level.

But, if you do not win your hearing, you may have to pay back benefits you got while waiting for the decision. If you want to talk to your caseworker before asking for a hearing, contact a local DHS office right away.

Requesting a Hearing

To request a hearing, you can:

- **Talk to staff** of any county DHS office or
- **Write a letter** and send it to:
  Appeals & Hearings
  P.O. Box 1437
  Slot N401
  Little Rock, AR 72203 or
- **Check the box below.** Then mail this form to the address on the front of this notice or to Appeals & Hearings at the address above.

☐ **I am requesting a hearing with DHS because I disagree with the decision or planned case action.**

Your Rights If You Request a Hearing

- You may go to the hearing.
- You may be represented by a lawyer or any other person you choose.
- You may be able to get free legal aid. If you need it:
  - Call the Arkansas Legal Services Helpline Center at 1-800-952-9243.
  - Go to [www.arlegalservices.org/helpline](http://www.arlegalservices.org/helpline).
- Before the hearing, you have the right to see your record and any other evidence to be at the hearing.
- You have the right to present your own evidence.
- You have the right to bring your own witnesses.
- You have the right to question any witness against you.

You Must Report Changes

You must always report changes which might impact your eligibility for benefits, including:

- Your address
- Who lives with you
- Your income

You must report changes within 10 days of the change. If you do not report changes, you may get an overpayment. If you are overpaid, DHS may take legal action to take back that money. You could also be prosecuted for fraud.

If You Are Asked for Verification of Creditable Coverage

If you get Medicaid and apply for other health insurance, the insurance company may ask you for verification of "creditable coverage." For help with that, contact a local DHS office.

Healthcare Notice Details

Person Reference Number: XXXXX

You Are Subject To The Work Requirement

Some people who get Arkansas Works have to participate in work activities to keep their insurance.

You are receiving this notice because the work requirement for Arkansas Works applies to you starting in June.

You do not have to report work activities because you have an exemption.
- You are exempt due to pregnancy.
- Your exemption ends on November-30-2018.
- If your situation changes before November-30-2018, you must tell DHS about the change.

See the flyer included with this notice for more information about the work requirement for Arkansas Works and how to report changes.

Additional Information

This decision is based on Arkansas Medical Services Policy Sections B-270, F-200, and G-190.
You Can Get Free Job Search Help
Because you get Arkansas Works, you can get free job search help from the Arkansas Department of Workforce Services (DWS). DWS has Arkansas Workforce Centers across the state that can tell you about job openings, how to look for a job, training programs, and more. Please see the flyer included with this notice for more information.

You can find information about resources in your community on www.humanservices.arkansas.gov. Click: “Arkansas Works Information”

The Arkansas Works Program is not a perpetual federal or state right or a guaranteed entitlement. The Arkansas Works Program is subject to cancellation upon appropriate notice. The Arkansas Works Program is not an entitlement program.
Your Right to a Hearing

If you disagree with a decision or planned action by DHS on your case, you may have a hearing. You must ask for a hearing by the **deadline for appeal** date on the front of this form. If you ask for a hearing within 10 days from the **date of notice** on the front page, you may be allowed to keep getting assistance at your current level OR have your assistance started again at your previous level. But, if you do not win your hearing, you may have to pay back benefits you got while waiting for the decision. If you want to talk to your caseworker before asking for a hearing, contact a local DHS office right away.

### Requesting a Hearing

To request a hearing, you can:

- **Talk to staff** of any county DHS office or
- **Write a letter** and send it to:
  
  Appeals & Hearings  
  P.O. Box 1437  
  Slot N401  
  Little Rock, AR 72203 or

- **Check the box below.** Then mail this form to the address on the front of this notice or to Appeals & Hearings at the address above.

☐ I am requesting a hearing with DHS because I disagree with the decision or planned case action.

### Your Rights If You Request a Hearing

- You may go to the hearing.
- You may be represented by a lawyer or any other person you choose.
- You may be able to get free legal aid. If you need it:
  - Call the Arkansas Legal Services Helpline Center at 1-800-952-9243.
  - Go to [www.arlegalservices.org/helpline](http://www.arlegalservices.org/helpline).
- Before the hearing, you have the right to see your record and any other evidence to be at the hearing.
- You have the right to present your own evidence.
- You have the right to bring your own witnesses.
- You have the right to question any witness against you.

### You Must Report Changes

You must always report changes which might impact your eligibility for benefits, including:

- Your address
- Who lives with you
- Your income

You must report changes within 10 days of the change. If you do not report changes, you may get an overpayment. If you are overpaid, DHS may take legal action to take back that money. You could also be prosecuted for fraud.

### If You Are Asked for Verification of Creditable Coverage

If you get Medicaid and apply for other health insurance, the insurance company may ask you for verification of "creditable coverage." For help with that, contact a local DHS office.
