Arkansas Works Section 1115
Demonstration Waiver

QUARTERLY REPORT
July 1, 2017 – September 30, 2017
Executive Summary

The Arkansas Works Program, an extension of the Health Care Independence Program (HCIP), began on January 1, 2017. The program is aimed at:

- Empowering individuals to improve economic security and promoting self-reliance;
- Enhancing private insurance market competition and value-based insurance purchasing models;
- Strengthening the ability of employers to retain and recruit productive employees; and
- Achieving comprehensive and innovative healthcare reforms to reduce state and federal obligations for entitlement spending.

During this quarter, the Arkansas Insurance Department (AID) released proposed and approved 2018 rate increases for carriers. The approved rates ranged from 14.2 to 25 percent.(1)

On August 14, 2017, Rose Murray Naff started as the new Director of the Division of Medical Services at the Department of Human Services (DHS).

PUBLIC FORUMS

No public forums were held during this quarter.

LAWSUITS

No lawsuits were filed during this quarter.

❖ Evaluation Progress and Activities

The Arkansas Works evaluation(7) will assess of the demonstration goals of improving access, improving care and outcomes, reducing churn, and lowering costs by measuring whether:

- Beneficiaries will have equal or better access to health care compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Beneficiaries will have equal or better care and outcomes compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Beneficiaries will have better continuity of care compared with what they would have otherwise had in the Medicaid fee-for-service system over time.
- Services provided to beneficiaries will prove to be cost effective.
Evaluation Activities

Evaluation activities conducted within this quarter include conducting several evaluation meetings to discuss items such as the progress of data and findings, supplemental payments, and the receiving and processing of data.

Key Milestones Accomplished

During this quarter, the analysis of data was finalized for the evaluation.

❖ Quality Assurance

The evaluation will assess the quality of care provided to Arkansas Works individuals by analyzing whether enrollees have equal or better care and outcomes over time compared with what they would have had otherwise in the Medicaid fee-for-service system. Health care and outcomes will be evaluated using the following measures:

- Use of preventive and health care services.
- Experience with the care provided.
- Use of emergency room services (including emergent and non-emergent use).
- Potentially preventable emergency department and hospital admissions.

The evaluation will also explore whether enrollees have better continuity of care compared with what they would have otherwise had in the Medicaid fee-for-service system over time. Continuity will be evaluated using the following measures:

- Gaps in insurance coverage.
- Maintenance of continuous access to the same health plans.
- Maintenance of continuous access to the same providers.
