4.b. Early and Periodic Screening and Diagnosis of Individuals Under 21 Years of Age and Treatment of Conditions Found. (Continued)

(3) Early Intervention Day Treatment (EIDT)

Reimbursement for comprehensive evaluation is based on the lesser of the amount billed or the Title XIX (Medicaid) charge allowed. The Title XIX maximum was established based on a 1980 survey conducted by Developmental Disabilities Services (DDS) of 85 Arkansas Developmental Day Treatment providers of their operational costs excluding their therapy services. An average operational cost and average number of units were derived for each service. The average operational cost for each service was divided by the average units for that particular service to arrive at a maximum rate.

The Title XIX (Medicaid) maximum rates were established based on the following:

1. Auditory, developmental and neuropsychological testing services listed in the 1990 Blue Cross/Blue Shield Fee Schedule that are not subject to the other specifically identified reimbursement criteria are reimbursed based on 80% of the October 1990 Blue Cross/Blue Shield Fee Schedule amounts. For those services that were not included on the October 1990 Blue Cross/Blue Shield Fee Schedule, rates are established per the most current Blue Cross/Blue Shield Fee Schedule amount less 2.5% and then multiplied by 66%.

2. Psychological diagnosis/evaluation services provided by Early Intervention Day Treatment (EIDT) providers certified as Academic Medical Centers (AMCs) are reimbursed from the Outpatient Behavioral Health Fee Schedule as described in Attachment 4.19-B, Item 13.d.1.

3. Medical professional services reimbursement is based on the physician’s fee schedule. Refer to the physician’s reimbursement methodology as described in Attachment 4.19-B, Item 5.

4. The maximum rate for one hour of day habilitation services is $18.27. This rate was calculated based on analysis of current 2019-2020 costs to provide quality services in compliance with governing regulations. The rates have been demonstrated to be consistent with the Clinic Upper Payment Limit at 42 CFR 447.321. The maximum services without an extension of benefits are 5 hours per day. State developed fee schedule rates are the same for both public and private providers of EIDT services.

5. The maximum rate for five minutes of registered nursing services is $4.77. The maximum rate for five (5) minutes of licensed practical nursing services is $3.17. Reimbursement for registered nurses and licensed practical nurses is based on the Private Duty Nursing Fee Schedule as described in Attachment 4.19B, Item 8.

6. The Title XIX maximum for occupational, physical and speech therapy diagnosis and evaluation is equal to the Title XIX (Medicaid) maximum established for the stand-alone therapy program. Refer to the stand-alone therapy reimbursement methodology as described in Attachment 4.19-B, Item 4b. (19).

Extensions of benefits will be provided for all EIDT services, if medically necessary.
8. Private Duty Nursing Services (Continued)

Refer to Attachment 4.19-B, Item 4.b.(5) for reimbursement information for private duty nursing services for high technology non-ventilator recipients in the Early and Periodic Screening Diagnosis and Treatment (EPSDT) Program.

(1) Adult Developmental Day Treatment (ADDT) and Early Intervention Day Treatment (EIDT)

Reimbursement for comprehensive evaluation services is based on the lesser of the amount billed or the maximum Title XIX (Medicaid) charge allowed. The Title XIX maximum was established based on a 1980 survey conducted by Developmental Disabilities Services (DDS) of 85 Arkansas Developmental Day Treatment providers of their operational costs excluding their therapy services. An average operational cost and average number of units were derived for each service. The average operational cost for each service was divided by the average units for that particular service to arrive at a maximum rate.

For dates of service occurring on or after January 1, 2020, the maximum per unit rate for Adult day habilitation services increased to $11.77. These new rates were calculated based on analysis of the current 2019-2020 costs to provide quality services in compliance with governing regulations. For EIDT, auditory, developmental and neuropsychological testing services listed in the 1990 Blue Cross/Blue Shield Fee Schedule that are not subject to the other specifically identified reimbursement criteria are reimbursed based on 80% of the October 1990 Blue Cross/Blue Shield Fee Schedule amounts.
